

Sensor and Cable for Electronic Sensing Capable Stops

P-00737 Electronic Sensor

Operating voltage: 10 ... 30 VDC (nominal operating voltage 24V DC)
Connector M8x1-S49, PNP, normally open (NO), cable length 200mm
Base version: plastic

P-00738 Sensor Cable Connector

Plug connector, straight, 3-pole
Socket M8x1, cable length 5m
Switching function: Normally open (NO)
